

GASKET & CARBON STRIPPER

A fast acting gasket and carbon removal spray.

Features & Benefits

- Loosens synthetic, cork and fibre gaskets, quickly penetrates and softens carbon – gaskets and carbon deposits can be wiped off without a potentially damaging scraping action
- Clinging foam spray – will not run off, even on vertical surfaces
- Over spray will not damage engine parts – no comebacks
- Water clean up – easily dispersed and neutralised
- Convenient aerosol application – controlled spray reduces waste; use only where needed, saves money
- Available in 2 different packaging units – suitable for individual applications
- Silicon free – body shop safe

P/N	Product	S/C	Packaging
60065	Gasket & Carbon Stripper	SGS	500 ml aerosol
84147	Gasket & Carbon Stripper	SGS-100	100 ml aerosol

Application

KENT Gasket & Carbon Stripper is suitable for removing old gaskets from components prior to the new gasket being applied and the components re-assembled. It will be used by service departments where mechanical repairs are undertaken. KENT Gasket & Carbon Stripper avoids the need for scraper knives to be used, which can cause surface damage to soft metals. In addition, it also removes carbon build up from areas such as pistons and cylinder heads.

Instructions

1. Use in well ventilated area. Protect painted surfaces, plastic and vinyl materials from overspray.
2. Shake well before use.
3. Hold aerosol can 25 - 30 cm from surface and spray onto the gasket or carbon deposit to be removed.
4. Allow the product to work for 5 minutes.
5. Lift gasket off with a putty knife. Remove excess Gasket & Carbon Stripper and carbon deposits with water or wipe off with clean cloth. Repeat if necessary.

Technical Information

Base:	Solvent mixture
Appearance / colour:	Slight foaming, white
Odour:	Solvent like
Specific gravity (20 °C):	1.03 g/ml
pH:	Not applicable
Dilution ratio:	Not applicable
Solubility in water:	Partly miscible
Application temp:	10 ° C - 35 ° C
VOC:	1004 g/l
Shelf life:	18 months
Custom tariff code:	3814 00 90
