Features

- Comprehensive range of grits
- Artificial Corundum grains
- Zinc Stearate anti-clog
- 15 hole style
- Velcro backing

Applications

White Line Abrasive Discs are a long life disc with excellent anti-clogging abilities, at a competitive price.

Typical uses are in Automotive and Marine repair, Wood finishing and general industrial markets.

White Line Abrasive Discs are supplied in a 15 hole dust extraction configuration, compatible with most extraction systems.

Benefits

- One supplier for all needs
- Long life
- Prevents clogging of the abrasive
- Suits most commonly used extraction systems
- Self fixing and re-usable

Instructions

1. Select the required abrasive grit to suit the job.
2. Apply to the sander backing pad, ensuring it is applied centrally, and with the dust extraction holes aligned with those on the backing pad.
3. Apply the White Line Abrasive Disc to the surface and start the machine.
4. When the disc has reached the end of its life, remove and replace with a new disc
