Application

KENT Drain cleaner is a highly concentrated and fast-acting liquid drain cleaner. It is especially developed for the removal of hair and other organic deposits, like food, grease or soap from siphons, pipes and drains without attacking them.

KENT Drain Cleaner penetrates even deep-seated blockages and deposits within minutes.

This product can also be used preventively, which keeps the workflow running and saves the expensive use of a plumber.

Instructions

Preventative Cleaning:

Mix KENT Drain Cleaner with hot water (90 – 95 ° C) in a ratio 1:5 and let the mixture penetrate the deposits for up to 1 hour.

Basic Cleaning:

Mix KENT Drain Cleaner with hot water (90 - 95 ° C) in a ratio 1:3 and let the mixture penetrate the deposits for up to 1 hour. In both mixing ratios, the product starts working within a few minutes.

N.B.: Always rinse the pipes with water after application.

Technical Information

General info:

Base:	Water-based alkaline cleaner
