

Soft Surface Cleaner ES

A highly versatile, non-aggressive industrial solvent cleaner. NSF program listed category K1.

Features & Benefits

- Exceptionally versatile – Cleans and degreases, can be used on many materials, including most plastics
- Cleans surfaces thoroughly – Removes grease, glue, flux residues, resins and nicotine
- Highly penetrating – Easily removes contaminants from hard-to-reach areas
- Quickly evaporates – Leaves no film or product residues
- Mounted KENT Easy Straw – Perfect for degreasing of hard to reach or sensitive areas, e.g., removing any residue in corners or convoluted spots
- 360° spray ability – Very useful for the removal of protective films and glued foils where you can spray directly to the contact strip and reduce overspray
- NSF-K1 listed – Suitable for applications in food, beverage and pharmaceutical industries

Application

KENT Soft Surface Cleaner is a powerful, fast acting solvent which dissolves dirt, grease and oil without damaging delicate surfaces. It can be used on metal, aluminum, wood, cement, most plastics, Plexiglas, machinery, equipment, tools, engines, chains, ceramic tiles and most painted surfaces.

Sprays at any angle – even inverted. Ideal for the preparation of surfaces prior to the application of paint, adhesives, epoxies, etc. The duo spray head is very handy to use the product especially for hard to reach or areas or convoluted spots.

Instructions

1. Spray generously on the surface to be cleaned.
KENT Soft Surface Cleaner is safe to use on most materials but if in doubt test a small sample first.
2. Allow to penetrate.
3. Wipe the surface with a clean dry cloth.
4. Repeat the treatment if necessary.

N.B.: When used on equipment that will be returned to a food processing area, the product must be completely washed off with an acceptable detergent solution and rinsed with potable water before returning to the processing area. Please refer to the details of the NSF registration category K1 in the technical information overleaf.

Technical Information

Base:	Solvent
Appearance/colour:	Clear liquid, colourless
Odour:	Solvent-like
Specific gravity (20 °C):	0.74 g/l
Flash point:	< 21 °C
pH:	Not applicable
Dilution ratio:	Not applicable
Solubility in water:	Not miscible or difficult to mix
Application temp:	10 to 35 °C
VOC:	699 g/l
Shelf life:	36 months
Custom tariff code:	3402 20 20

NSF registration: 153122 Category K1

Based on the NSF registration category K1, the cleaner is acceptable for use as a cleaner and degreaser for use in non food processing areas (K1), which are used to remove oil, wax, resinous materials, or other substances not removable by using acidic or alkaline cleaning agents. Their use is limited to non-processing areas where there is no possibility of solvent vapors entering a processing area. Food processing equipment or utensils treated with such preparations must be washed with an acceptable detergent solution and thoroughly rinsed with potable water before returning to a processing area.
