

Quick Freeze

A fast acting cooling spray developed to cool rapidly and effectively

Features & Benefits

- Controlled lowering of temperature – can be used anytime, anywhere
- Clear gas – will not stain fabrics etc.
- Fast acting and economical – saves time and money
- Helps to ease in bearings / shafts in tight fittings – time saving

P/N	Product	S/C	Packaging
86936	Quick Freeze	QCS-F	500 ml aerosol & extension straw

Application

KENT Quick Freeze is formulated to allow controlled cooling down to a minimum of -30°C. It has been developed to test temperatures sensors, cool choke coils, fuel injection systems, automatic chokes, etc. KENT Quick Freeze can be used to shock freeze rubber, foils and tacky substances for easy removal.

Instructions

1. Shake well before use.
2. Attach extension straw and spray onto the areas to be cooled until the desired temperature or cooling is achieved.
3. Handle components with care when cold.

Attention:

Don't spray on active electronic components and ensure that the propellant has evaporated before starting equipment / device again. Don't spray on body parts.

Technical Information

General info:

Base : solvent

Appearance / colour : clear gas

Odour : odourless

Specific gravity / density : 0,55 g/ml

pH : NA

Dilution ratio : NA

Solubility in water : not miscible

VOC : 550 g/l

Shelf life : 24 months

Custom tariff code : 27111397

Accessories : no

SDS available on www.kenturope.com
