

Soft Surface Cleaner Zero

A powerful non-aggressive solvent free cleaner which dissolves grease glue and dirt without leaving residues.

Nonfood Compounds
Program Listed
(Category A1)

Features & Benefits

- Pictogram free product with high cleaning power – Less harmful for users
- Waterbased cleaner – No solvent and VOC contamination
- Cleans surfaces thoroughly – Removes grease, glue, resins and nicotine
- No quick evaporation – Long lasting cleaning
- Multiple applications and versatile in use – no need to store various cleaners
- NSF A1 registered - Suitable for applications in food, beverage and pharmaceutical industries

P/N	Product	S/C	Packaging
86799	Soft Surface Cleaner Zero	GSC	500 ml bottle with sprayer

Application

Soft Surface Cleaner Zero is suitable for manual and mechanical cleaning. It cleans and degreases heavily polluted parts made from different kinds of material.

It is a ready-to-use product and should not be diluted. It is already effective at room temperature for manual cleaning; the optimal operating temperature for the use in machines is 40° c.

For use in food industry : Rinse surface with potable water after cleaning.

Instructions

1. Spray on the surface to be cleaned. Soft Surface Cleaner Zero is safe to use on most materials but if in doubt test a small sample first.
2. Allow product to penetrate.
3. Wipe the surface with a clean dry cloth.
4. Repeat the treatment if necessary.
5. Rinse with potable water if surface can be in contact with food or beverage

Technical Information

General info:

Base: aqueous

Appearance / colour: Clear liquid, colourless

Odour: characteristic

Density (at 20° c) : 1,03g/cm³

pH: 9,9

Dilution ratio: no dilution

Solubility in water: difficult to mix

Application temp: 10 to 40° c

VOC: 0 g/l

Shelf life: 24 months

Custom tariff code: 34029090

Accessories: White trigger sprayer (already delivered with bottle)

NSF registration: Number 166606 Category A1

This product is acceptable for use as a general cleaner (A1) on all surfaces in and around food processing areas where its use is not intended for direct food contact.

Use of this product in food processing or handling facilities requires that all food products and packaging materials be removed or protected prior to product use.

A potable water rinse of cleaned surfaces is required after use of this product.

When used according to manufacturer's instructions, the cleaner shall neither exhibit a noticeable odour nor leave a visible residue.
